**ASSISTANT COMMISSIONER OF PATENTS
Washington, D.C. 20231**

Dear Sir:

Declarant, Carl T. Reed, represents that he is the Attorney of Record for Attensity Corporation, a corporation of the state of Delaware having a principal place of business at 3600 West Bayshore Road, Suite 200, Palo Alto, California 94303 and that he is authorized to execute this Terminal Disclaimer on behalf of Attensity Corporation. Declarant further represents that Attensity Corporation is the Assignee of the entire interest in the instant patent application and is also the Assignee of the entire interest in:

U.S. Application Serial No. 10/729,833 filed on December 5, 2003
U.S. Application Serial No. 10/729,883 filed on December 5, 2003
U.S. Application Serial No. 10/729,888 filed on December 5, 2003

Terminal Disclaimer of U.S. Application Serial No. 10/729,833

Assignee disclaims, except as provided below, the terminal part of any patent granted on the instant application that would extend beyond the expiration date of the full statutory term of U.S. Application Serial No. 10/729,833 (the "'833" application) filed on December 5, 2003, as presently shortened by any terminal disclaimer. Assignee agrees that any patent so granted on the instant application shall be enforceable only for and during such period that the legal title to it and the '833 application and any patent issuing therefrom are commonly owned. This agreement by the Assignee runs with any patent granted on the instant application and is to be binding upon the grantor, its successors or assigns.

Assignee, however, does not disclaim any terminal part of any patent granted on the instant application prior to the expiration date of the full statutory term of any patent issuing from the '833 application in the event that such patent issuing from the '833 application later: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR § 1.321(a), has all claims canceled by a reexamination certificate, is reissued or is otherwise terminated prior to expiration of its statutory term as presently shortened by any terminal disclaimer, except for the separation of legal title stated above.

Terminal Disclaimer of U.S. Application Serial No. 10/729,883

Assignee disclaims, except as provided below, the terminal part of any patent granted on the instant application that would extend beyond the expiration date of the full statutory term of U.S. Application Serial No. 10/729,883 (the "'883" application) filed on December 5, 2003, as presently shortened by any terminal disclaimer. Assignee agrees that any patent so granted on the instant application shall be enforceable only for and during such period that the legal title to it and the '883 application and any patent issuing therefrom are commonly owned. This agreement by the Assignee runs with any patent granted on the instant application and is to be binding upon the grantor, its successors or assigns.

Assignee, however, does not disclaim any terminal part of any patent granted on the instant application prior to the expiration date of the full statutory term of any patent issuing from the '883 application in the event that such patent issuing from the '883 application later: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR § 1.321(a), has all claims canceled by a reexamination certificate, is reissued or is otherwise terminated prior to expiration of its statutory term as presently shortened by any terminal disclaimer, except for the separation of legal title stated above.

Terminal Disclaimer of U.S. Application Serial No. 10/729,888

Assignee disclaims, except as provided below, the terminal part of any patent granted on the instant application that would extend beyond the expiration date of the full statutory term of U.S. Application Serial No. 10/729,888 (the "'888" application) filed on December 5, 2003, as presently shortened by any terminal disclaimer. Assignee agrees that any patent so granted on the instant application shall be enforceable only for and during such period that the legal title to it and the '888 application and any patent issuing therefrom are commonly owned. This agreement by the Assignee runs with any patent granted on the instant application and is to be binding upon the grantor, its successors or assigns.

Assignee, however, does not disclaim any terminal part of any patent granted on the instant application prior to the expiration date of the full statutory term of any patent issuing from the '888 application in the event that such patent issuing from the '888 application later: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR § 1.321(a), has all claims canceled by a reexamination certificate, is reissued or is otherwise terminated prior to expiration of its statutory term as presently shortened by any terminal disclaimer, except for the separation of legal title stated above.

Assignee hereby declares that all statements made herein of its own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Dated this 23rd day of August, 2007.

Respectfully submitted,

WORKMAN NYDEGGER
